BOLD AND VALUE PACKED.

With its bold, conical ribs, Ultra Max stands out from its exposed fastener rivals. Three 1.5 inch ribs offer spans of 18 inches on center for a bold, pleasing profile on any roofing project. The Ultra Max is designed for the heavy demands of commercial agricultural, industrial, retail, and warehousing settings with standard 26 GA and 24GA options. Our robust paint warranties and rich color library will offer curb appeal for decades with an excellent return on investment.
